Elray metal braided USB Type A to USB Type C cable.
 Elray metal braided cable has a USB Type C connector on one end and a standard USB Type A plug on the other allowing you to easily charge any USB Type C compatible device, including smartphones, tablets, video game controllers and cameras. Simply plug the USB end into any USB wall or car charger, external power bank or the USB port of your computer for fast and reliable charging. You can also safely, and with speed transfer music and photos to and from your phone or tablet. Elray's cable metal braiding resist kinking, while aluminum housings strengthen the connector parts and protect them from physical stresses. This cable is made for longer life approved by tough bend and environmental testings. Elray 4-ft/1.2-meter cable is compact and easy to carry while the length is enough for comfortable device use while charging. Slim design of Elray's USB Type C connector housing allows you to charge & sync without removing your case. USB Type C incorporates a reversible connector that allows you to connect your cable to your device in any direction.

Item: AC20MBC12GR. Metal gray color. 4-foot / 1.2-meter sync and charge cable for USB-chargeable devices Type A USB to USB Type C plugs supports up to 3 Amps of power output USB 2.0 = 480 Mbps
